We are looking for:

1) ARTISTS/CHOREOGRAPHERS that are interested in submitting works for the following locations:

- a) Wrightsville Beach & Carolina Beach (beach strand and in the water)

- c) Johnnie Mercer's Pier (only on the pier, not under neath in the sand)
- d) other locations (make a suggestion and we'll look into it...)

2) ARTISTS that would create a "TRUCK DANCE"

Truck dances are dances of whatever length that can be performed in, on, around, under or over parked trucks (or other vehicles). The trucks will be coordinated to appear in various locations throughout Pender, Brunswick and New Hanover Counties throughout the festival. Several coordinated, "all trucks together" shows will happen in all three counties during the first as well as the second week. In the second week there is a theatre showcase on Friday and Saturday August 15th and 16th, at the Red Barn Studio where trucks perform in the theatre. (very small space 20'x30', concrete floors, limited lighting).

3) FILMMAKERS of DANCE FILMS: Submit a dance film for a screening at the Cameron Art Museum on Thursday August 14th. These films are not videotaped shows, but rather dance for the camera.

6) ARTISTS for small stage works:
